Day 2 - 75km, 700m+

Our first day on the road gives us the opportunity to get accustomed with the roads and the humidity of the island. Mostly easy, gently up and downs through some beautiful and remote villages nicely set among ricefields and little temples. Our first day features an "easy" ride surrounded by rice paddy fields on the outskirts of Ubud, to continue through the magnificent temple of Taman Ayun in Mengwi, and finish in Tanah Lot, where we stop for our first night.

After lunch and check-in at the hotel, all riders will have the possibility to visit Tanah Lot and the great occasion of finishing the day by looking at the sunset in one of the most iconic spots of Bali.

Day 3 - 90km, 2000m+

We will leave our hotel after a light breakfast and slowly start for one of our most intense days on the saddle. Gently uphill out of town, we will hit the best and quietest backroads and head to the UNESCO heritage site of Jatiluwih, through some 20km of easy-ish climbing. After some great riding overlooking the vastest ricefields in SE Asia, and lots of pictures, we will head to a short but intense climb to Lake Beratan and its temple, featured on the majority of Bali guide books covers all around the world. After lunch, we will carry on for our last stretch of climbing at the summit of which we will enjoy a spectacular view over the twin lakes of Tamblingan and Buyan, to continue for our night's rest in the town of Munduk, famous for its hiking and trekking trails, and the outstanding presence of nature all around.

Day 4 - 90km, 2000m+

Be ready for our toughest day. After breakfast and hotel check-out, we will start a difficult descent to leave Munduk behind, then easy down all the way to the North coast. Riding along a flat to rolling road along the coast, we will pass the cities of Lovina and Singaraja where we will enjoy a nice lunch, overlooking the beach. Time for a little rest, then we will be hitting the longest climb of the whole trip: 40km uphill, from 0m above sea level all the way to the highest road in Bali at 1715m, in one go. The long climb will then be followed by a short descent that will bring us to the end of our cycling day, overlooking Batur volcano and its lake, for a breathtaking finale.

Time to check-in into our hotel, shower, and discover the town of Kintamani, its beautiful temple, and maybe have a hot springs bath by the lake.

Day 5 - 120km, 1100m+

Have you recovered from yesterday? No worries, today is indeed a longer ride, but easier with just a couple of short climbs. After leaving the volcano behind on a fast descent, we will head up to the Hindu Mother Temple of Besakih, on a quiet nice climb. After a short visit, we will continue downhill to the villages of Duda and Sibetan, while enjoying some spectacular views over the fields, and pass by the town of Karangasem from which we will continue along the South-East coast, to Candidasa. Candidasa will be our lunch break option before heading along the coast through Padang Bai and the village of Sukawati, host to one of the biggest markets of the island. Just a few more kilometers to go, and we will finally reach Ubud passing along Mas, famous for the production of wooden items such as furniture, and handcrafts.

Tour information

Please note that the routes are subject to change, based on unexpected circumstances such as road closures, or just because we have found a better route in the meanwhile. This does NOT affect the pricing.

Average speed is an estimate, we may need to adjust it based on the group's performance. The departure times are planned in a way to leave enough time to the riders to be able to rest at the end of each day and enjoy the location/hotel facilities.

Bali is a fairly hilly island. Average speed is expected to suffer on the harder days. The support car is there for a reason, don't be shy.

Hotel choice has been determined by the organizers trying to combine it with the route in an optimal way. We will try at all times to stay in the best hotels we can find, and this may sometimes be difficult especially in the areas of Munduk and in the North of the island. Star rating of our hotels will be 4 stars at least in most cases, but a 3 star hotel may be the only choice for a night or two. After a hard day on the saddle the last thing you want is a crappy uncomfortable hotel.
